

RAMYA S

Python Full Stack Developer

+91 6380768574 | ramyaselvaraj214@gmail.com | Tiruchirappalli, Tamil Nadu, India

PROFESSIONAL SUMMARY

Aspiring Python Full Stack Developer with hands-on project experience building full-stack web applications using Python, Flask, React.js, JavaScript, HTML5, CSS3, and MySQL/SQL. Skilled in REST API development, frontend-backend integration, and CRUD/database-driven features. Holds a Master's in Information Technology plus 4+ years of administrative experience, bringing strong organization, attention to detail, and communication to a development team.

TECHNICAL SKILLS

- **Frontend:** HTML5, CSS3, JavaScript, React.js, React Hooks, React Router, Axios, Responsive Web Design
- **Backend:** Python, Flask, REST API, CRUD Operations
- **Database:** SQL, MySQL
- **Tools & Version Control:** Git, GitHub, VS Code, Postman, npm, Vite
- **Productivity Tools:** MS Excel, MS Word, MS PowerPoint
- **Core Strengths:** Data handling & documentation, survey data analysis, problem solving, teamwork
- **AI-Assisted Development Tools:** ChatGPT, GitHub ,Copilot, Codex, Claude,Antigravity

PROJECTS

Vendor Work Order & Job Management System

Technology Stack: React.js, JavaScript, HTML5, CSS3, Axios, Python, Flask, REST API, MySQL, Git, GitHub

- Developed a responsive full-stack web application using React.js for the frontend and Python Flask for the backend.
- Implemented customer management functionality with customer details and full CRUD operations.
- Developed RFQ (Request for Quotation) and quotation creation/management, including work/supply purpose and description.
- Developed job/work management for tracking vendor work, along with invoice management and payment tracking.
- Created a dashboard displaying key business metrics: jobs, revenue, costs, profit, and outstanding payments.
- Implemented role-based access control for Owner, Accounts, and Purchase users.
- Integrated the React.js frontend with the Flask backend using REST APIs and Axios, connected to a MySQL database for business data.
- Used Postman for API testing, Git/GitHub for version control, and a responsive CSS-based interface for desktop and mobile.

E-Commerce Website

Full Stack Project

Technology Stack: HTML, CSS, JavaScript, Python, Flask, SQL

- Designed and developed a fully functional e-commerce website using HTML, CSS, and JavaScript for the UI and Flask (Python) for server-side logic, with SQL for persistent data storage.
- Implemented core features including product listings, shopping cart, and order workflow, using responsive page layouts and full-stack development best practices.

Library Management System & ATM Machine Simulation

Python, SQL

- Library Management System: built using Python for application logic and SQL for database design; implemented add, issue, return, and book-tracking functionality with structured tables for books and members.
- ATM Machine Simulation: console-based simulation of balance inquiry, cash withdrawal, and deposit, applying conditional logic, functions, and exception handling for input and PIN validation.

WORK EXPERIENCE

Front Desk Executive | Maxi Vision Eye Hospital

2023 - 2024

- Managed patient registration, appointment scheduling, and front office operations, handling inbound calls and patient inquiries with clear, professional communication.
- Maintained accurate patient records, updated hospital management systems, and coordinated with doctors and staff to ensure smooth patient flow with minimal waiting time; processed billing, payments, and insurance-related documentation.

Exam Cell Assistant | C.A.R.E School of Architecture, Trichy

2019 - 2023

- Assisted in planning and organizing examinations; maintained confidential student records, marks, and exam data with high accuracy; coordinated with faculty for schedules and hall arrangements; prepared reports, mark sheets, and documentation, handling data entry and verification.

EDUCATION

M.Sc. Information Technology | Pavendar Bharathidasan College of Arts and Science, Trichy

2019

CGPA: 8.0 / 10

B.C.A. (Bachelor of Computer Applications) | Pavendar Bharathidasan College of Arts and Science, Trichy

2016

CGPA: 7.0 / 10

ACHIEVEMENTS & LANGUAGES

Won 1st Prize in a Debugging Competition at college. | Languages: Tamil, English, Hindi (Read, Write, Speak)
